Re - United States of America -v- Timothy Breaker

Dear Judge Ross,

Please find Dr. David Delman's letters ordering continuing physical therapy for the above-named defendant as a result of a car accident.

Ms. Chu, of pretrial services, takes no position as to whether the defendant should be given timeout from home confinement to receive this form of medical attention, instead deferring to the Court.

What with travel to the facility and treatment time it amounts to 3 ½ hours, 3 days per week in addition to a re-evaluation on June 21, 2006.

Very truly yours,

*Howard Greenberg Esq.*
